

Alex Johnson

Data Scientist | Boston, MA | alex.johnson@email.com | (555) 123-4567 | LinkedIn: linkedin.com/in/alexjohnson

Professional Summary

Data Scientist with 4+ years of experience delivering end-to-end machine learning and analytics solutions across top technology and education organizations. Proven expertise in statistical modeling, data engineering, and business-driven insights. Graduate of Northeastern University, Boston.

Education

M.S. in Data Science – Northeastern University, Boston, MA (2021)

Professional Experience

Data Scientist – Google (2023 – Present)

- Built predictive models improving ad targeting efficiency by 18% using Python, XGBoost, and SQL.
- Designed production pipelines in Airflow and BigQuery handling 5TB+ of data daily.
- Partnered with product managers and engineers to deploy models into real-time systems.

Data Scientist – Microsoft (Education Analytics Team) (2021 – 2023)

- Developed student success prediction models used by 200+ partner universities.
- Built dashboards in Power BI and Python for executive reporting.
- Reduced data processing costs by 25% through pipeline optimization.

Key Projects

- Personalized Learning Recommendation Engine – Designed collaborative filtering system improving course completion by 15%.
- Real-Time Fraud Detection – Implemented streaming ML model with 92% precision using Spark and Kafka.

Technical Skills

Languages: Python, R, SQL
ML/AI: Scikit-learn, TensorFlow, PyTorch, XGBoost
Data: Pandas, NumPy, Spark, Airflow, BigQuery
Visualization: Tableau, Power BI, Matplotlib, Seaborn
Cloud: AWS, GCP, Azure

Certifications

- Google Professional Data Engineer
- AWS Certified Machine Learning – Specialty
